

West Campus Overflow Parking Lots

Appalachian State University Parking and Traffic Department would like to remind you of the over-flow parking policy as we move into the school year. If you have purchased a parking permit for Mountaineer Hall, or Appalachian Heights you also have access to two overflow lots: Greenwood Lot and South Lot. These lots are shown on the map above for your convenience. The purpose of these overflow lots are to ensure that even during the busiest times of day all permits holders have access to parking. **Please be advised, if your primary parking lot is full it is NOT acceptable to park in a no parking zone, but you may go to one of the overflow lots and park there.**
